SHAPING YOUR  
NEW STORE.

The Blue Hill Peninsula has long been fertile ground for organic food cultivation, education, and sharing. With well-established farmers and growers and a new generation of agricultural entrepreneurs, this area holds strong promise of becoming an even more active organic food hub. Our growth as a store is fueled by just that: the dynamic evolution of a community and economy that keeps healthy, locally sourced food high on its priority list.

# The path to a new store.

We are in Phase 1 of Fundraising.

We are currently offering sales of Preferred Shares to Maine Residents only.

We have sold \$220,100 in Preferred Shares to date. **The cost per share is \$100.**

We need to sell \$500,000 of shares by AUG 16, 2017 to continue with our Co-op expansion plans.

Our total goal for Phase 1 is \$1 million.

In addition, we have accepted \$15,770 in donations toward the new store, bringing our total funds raised to \$235,870
